

# Bioseal®

## Montgomery Straps

Bioseal Montgomery Straps are now available in easy access dispenser boxes and can be cut to any desired width, or you can choose one of our sterile pre-cut kits that include straps and twill ties.

### Features & Benefits

- Direct replacement for the discontinued Dermicel® Montgomery Strap from J&J 5126
- Latex-free
- Reinforced tie holes
- Quick dressing changes save time
- No need to remove and reapply tape during dressing changes minimizes skin trauma
- Available in dispenser boxes for cut to fit or convenient ready to apply sterile kits

*Dermicel is a registered trademark of Johnson and Johnson*
